“ On top of being a kind and pleasant GENTLEMAN, Dan Peek was a mechanical genius. I believe he could have built anything he put his mind to. He even built his own airplane, and then flew it himself. He has been my next door neighbor since the first of January 1981. He and I spent a lot of time working on Model A Fords. In fact he taught me every thing I know about Model A Fords. We also spent a lot of time just being with each other; talking, laughing, reminiscing, and just plain enjoying ourselves and each other. Kristen, Michelle, and Tom, Ms Faye and I are so sorry for your loss. You are in our thoughts and prayers. Please, please, if there is anything we can do, don't hesitate to call on us. “ The day I met this man I was 6 yrs old. He and my Aunt Daisy came to the train station to pick up my mom, brother, sister and me. Before me was this tall handsome man in uniform!! He has always been our funny, loving, knowledgeable Uncle from Ga. he taught us the history of Darien and Brunswick. He told some of those stupid Uncle jokes like “ know what???? “ I can't repeat the answer but I'm sure if you ever met him you know the answer. Georgia will never be the same nor will we. We will miss you but so glad you are home now with Aunt Daisy. Our hearts are full of love that you gave to all of us!
